

BRILLANTE

Concentrated, highly perfumed mild detergent

WHAT IT IS USED FOR, WHERE IT IS USED

BRILLANTE is a super concentrated deodorant detergent, intensely scented for the daily cleaning and maintenance of floors and hard surfaces, ceramics, porcelain, terracotta, marble, toilets, washable surfaces, etc. it is suitable for the daily cleaning of all floors, also those protected by wax as it does not remove the applied treatments. It is also an ideal product for cleaning marble, stone and stone materials in general because it removes dirt safely and gently.

BRILLANTE gives the surface its natural shine and thanks to its antistatic effect it repels dust and facilitates drying, simplifying subsequent cleaning operations. After use **BRILLANTE** leaves in the environment a pleasant and persistent fresh and regenerating fragrance, is an extremely safe product as it does not contain harmful substances, does not release vapours, is not normally irritating to the skin.

BRILLANTE makes the cleaning operation more pleasant thanks to the scent released in the room. Can be used manually or with single-brush and floor scrubber. Characterized by antistatic effect, it repels dust and facilitates drying, simplifies the subsequent cleaning

HOW TO USE IT AND WHY TO USE IT

For the ordinary maintenance of floors dilute 25 gr (1 cap) in a bucket of 8-10 liters of water, corresponding to a concentration of 0.25%- 0.3%. For cleaning

sanitary and hard surfaces dilute 2-4 caps (50-100 gr) in a bucket contain 8-10 lt of water (about 0.5%-1%). **BRILLANTE** is brake foam, if used correctly does not require rinsing. In case of excessive dosage the floor may be sticky, in these cases it is advisable to rinse with water.

PRODUCT YIELD

Variable according to the type of surface and dirt to be removed
